

Dear members of the CT. legislative bodies, I am writing to inform you that I am opposed to HB no. 5397 and SB no. 477. I feel that these new bills will do little to prevent violent crime and if enacted will only further infringe on my ability to pursue the shooting sports and my right to carry firearms. I sincerely doubt that these bills will have any effect in getting firearms out of the hands of the felons that use them in the commission of violent crimes. Please do not pass these bills. The police already have the all the laws needed to stop violent crime.

Respectfully,

George D. Please
